Euro Alco

THE VODKA ITSELF HAS CHARACTER, TOO.

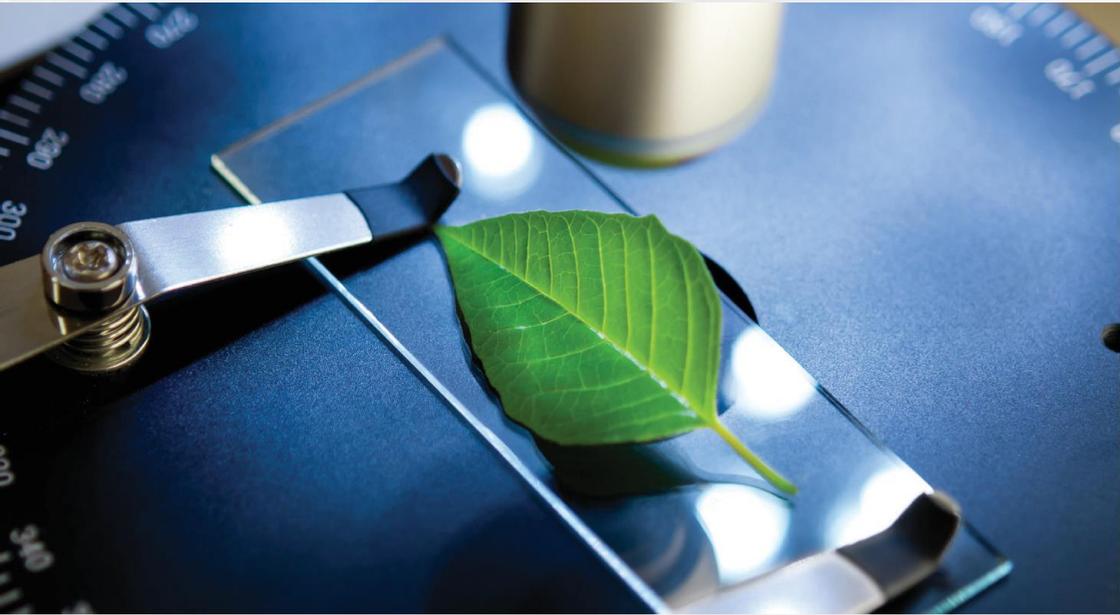

It's a common knowledge that vodka is made of spirit and water.

The fact that a good spirit is made out of wheat, is known to the majority of people.

Euro Alco

THE VODKA ITSELF HAS CHARACTER, TOO.

But the fact that besides good spirit and good water vodka has got many other natural ingredients improving its taste, is known only to specialists. Our specialists know it!

Euro Alco

THE VODKA ITSELF HAS CHARACTER, TOO.

All kinds of our vodka are produced:

Exclusively by the classic technology; only of house
high quality wheat alcohol.

A grand classical building, likely a theater or opera house, is illuminated at night. The building features a prominent pediment with a relief sculpture and a quadriga (four horses) on top. A large, glowing orange sign is superimposed over the building's facade, displaying the brand name in white serif font. To the right, another ornate building is visible, also lit up. A full moon is in the dark sky above the buildings.
